2024

SPONSORSHIP PROPOSAL

Prepared by:

Anne Marie Okene

CIS NEXUS Vice President

Sponsorship to Drive STEAM in Nigeria

Children's International School is a British school situated in Lagos, Nigeria. The school is dedicated to giving every student access to a top-notch education and possibilities. In light of this, students like us have the chance to participate in the FIRST robotics competition, which is typically hosted across the United States and involves over a thousand participating schools.

The FIRST TECH CHALLENGE is an international competition that fosters knowledge, teamwork, and confidence in its participants while encouraging youth to seek professions in science-based fields. All kids can learn about robotics on this varied platform, which is the main goal of this competition as it is focused on creating opportunities. For this reason, we have registered our pupils to compete in this event.

Last year, our school competed in the FIRST TECH CHALLENGE (FTC) and FIRST LEGO LEAGUE (FLL) competitions. Our FTC Team came fourth in the regionals in Nigeria and one of our FLL teams came second. The FLL team went on to represent our country in Morocco. As a school, our teams won the Connect Award, Robot Design Award, Innovation Project Award, and Core Values Award.

CIS NEXUS represents the school's FTC team. We have a fantastic opportunity to operate like a manufacturing company, and this includes developing the company's brand and marketing strategy. Through bringing a STEAM extracurricular program to public school kids in Lagos and Ogun state, our outreach program, STEAM IN SCHOOLS, aims to teach them about robotics and pique their interest in the STEAM (Science, Technology, Art, Engineering, and Math) subjects. This year, we intend to educate 200 children about Artificial Intelligence and its application to our everyday lives. By purchasing the items, we will also be helping the other robotics teams from our school.

The school has been accommodating, but they are only able to offer so much because one of the competition's requirements is that we operate as a separate business.
We are going for the national competition on the 23rd of January, 2024, and before that, we require the following:

- T-shirts for CIS Nexus.
- T-shirts for CIS Links.
- T-shirts for CIS Cyborg.
- Arduino kits for the children in the ten public schools.
- Research work and logistics.
- Stipend for teachers in the public schools for our outreach program.

STEAM IN SCHOOLS Outreach Phase 1
Our recently concluded outreach was a huge success. CIS Nexus team hosted ten (10) teachers from public schools in Lagos and Ogun states. They were trained on how to use Arduino kits to build different smart gadgets driven by computer codes. After the events, they were given kits to start up STEM clubs in their school that will run for 5 weeks.

12TH DEC, 2023

First Tech Challenge
CIS NEXUS OUTREACH

PROGRAM

9:00AM	INTRODUCTION (TEACHERS AND STUDENTS) ● SOMETHING FUN ABOUT YOU ● YOUR FAVOURITE BRANCH OF SCIENCE ● WHY YOU LOVE STEAM
9:30 AM	PRESENTATION
10:00 AM	Q&A / TEA BREAK
10:15 AM	BUILDING OF ARDUINO PROJECTS
12:15 PM	LUNCH BREAK AND NETWORKING
12:45 PM	BUILDING OF ARDUINO PROJECTS
1:15 PM	STEAM ECA CONTRACT AND REPORT ORIENTATION ● REPORT ORIENTATION ● SIGNING OF ECA CONTRACT
1:45 PM	REFLECTION ● TAKEAWAY ● ACTION PLAN FOR TEACHERS ● DISTRIBUTION OF KITS
2:00 PM	FINAL WORDS AND FAREWELL

STEAM IN SCHOOLS Outreach Phase 2

During our CIS STEAM Week, the STEM club students from the Phase 1 of our project will be invited to showcase their innovative Arduino projects. Each of the 10 schools will compete for a prize that will solve a problem in their school.

Benefits of Being A Sponsor

Company logo will be on our website CIS Nexus https://www.cisnexus.org/ for the school year.
An appreciation will be shared via the school's social media platforms.
Logo of the company will be on the t-shirts.

Finally, these are the sponsorship categories:
Cyclotron (5,000,000 NGN and above)
Rocket (1,000,000 NGN-4,999,999NGN)
Jet (500,000-999,999NGN)
Drone(100,000-499,999 NGN)
Smart watch (Below 100,000 NGN)

Your sponsorship is an investment in the multiple public school children who will gain from the outreach program as well as the students who are taking part in advancing technology in Nigeria.

Please contact us for more information via Tel: 0906-268-4339
Email: seniorschool@cislagos.org

We are looking forward to your positive response.

Kind regards,

Anne-Marie Okene
Vice President
